Docket No. 98N-1265 JUN 16 10:04
Food and Drug Administration
5600 Fishers Lane
Rockville, MD. 20857

I OPPOSE THE DRAFT M.O.U. being proposed by the FDA. In particular, I OBJECT to the definition of "inordinate amount" which restricts the availability and the right to obtain medically necessary compounded medications by limiting the number of prescriptions that can be shipped across state lines from specialized compounding pharmacies.

COMMENTS: I do not wish to be forced
into using "a one size fits all"
medication pattern. For years
I have suffered from the medications
compounded by large pharmaceutical
companies. At long last I am able
to purchase the properly compounded
dosage from a company out of my
state. My doctor and quarterly testings
make sure I am receiving the best
possible treatment. Please don't send
us back to the dark ages. For shame!
